

Women's Health Outpatient Department: Patient Initiated Follow Up

Following your consultation and/or assessment it has been agreed that you may not automatically need or wish to have a further appointment at this time.

Further appointments will be placed on hold for a period of months and you will remain under our care for this condition during this time.

Should you require further support or another appointment regarding this condition within this period please contact:

Advice Line: 01793 605252 Appointments Only: 01793 604820

Both departments open Monday – Friday 8.30am – 5.00pm

At the end of this period you will be discharged from our care if you have not needed any help and you will receive a letter to confirm this.

You can still be re-referred to the service in future if required.

Missed or inappropriate hospital appointments cost the UK National Health Service millions of pounds each year and significantly delays treatment for other patients. This process will enable us to see you again sooner if required.

From 1st January 2019 smoking will not be permitted on any NHS site in England. Smoking will not be permitted within any of our buildings or anywhere outside on our sites. Smoking facilities will not be provided. Please be considerate of others when vaping in hospital grounds.

This information sheet is available to order in other languages and formats. If you would like a copy, please contact us on 01793 604031 or email gwh.pals@nhs.net
