Cancer Partnership Group

This leaflet explains how you can have your views heard about Cancer Services.

Cancer Partnership Group

Working in partnership with: patients, families, friends and carers to improve our services

Are you a patient who has cancer in Swindon/Wiltshire?

Are you a cancer survivor?

Do you care for someone with cancer?

We would like to hear from you. Your thoughts and experiences can help improve the lives of others also living with cancer and beyond.

Who are we?

We are a small group of health professionals working together with patients or their families, friends and carers to improve the quality of local cancer services.

An essential part of developing and improving cancer care is listening to and acting upon the views of patients and carers.

Your voice can make a difference

As a patient representative you will play a key role in the group by helping to identify the issues faced in the cancer pathway and potential solutions.

When do we meet?

We meet at the Great Western Hospital or virtually quarterly throughout the year to develop and progress initiatives in partnership with Trust staff.

Expression of Interest

If you would like to join us or are keen to find out more about the group then please complete your details below and a member of the group will contact you.
